Together Towards Excellence

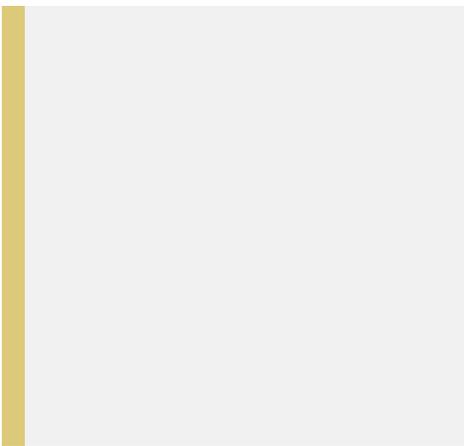

IAME is one of the largest, multifarious consortiums of schools in India established in 1998 with a view to enabling, equipping and empowering its partner schools to be globally effective, abreast with the ever changing education landscape. We have over 400 schools across the country that have shared values, and we seek to promote an essential common ethos and vision for education and learning, as encapsulated in our values. The involvement of IAME in schools is all-embracing, touching the entire panorama of curricular and non-curricular activities. We provide man and material in terms of policy making, textbooks, expertise, standardising materials, teacher education, skill development and several signature events and programmes.

Setting New Standard Pushing New Frontiers

IAME leaves no stone unturned in ensuring the quality of its programmes. It has designed and executed a whole range of activities focusing on all segments of the educational aspects. It comprises of quality improvement training programmes for students, teachers, principals, and institutional managers on an eclectic range of topics, academic research & training, International Skill Enhancement Test, Arts and Sports fests, supportive guidance and consultation for schools and monitoring cum reporting. These result-oriented endeavours have substantially empowered both the student and teacher community with the essential skills.

Reinventing School Education

IAME has always been on mission to revive the school education on the basis of the latest advancements in the critical pedagogy. Committed to reinventing school education with futuristic vision and mission, it engages in a number of initiatives with a root-and-branch approach in the educational structure by comprehensively going through the curriculum development, school mentoring, school consultation and professional development programs.

School Mentoring

It provides time-bound monitoring and guidance to all the member schools to help them keep ahead of the curve.

Curriculum Development

IAME is very much in the field, updating and upgrading the curriculum in conjunction with the latest advancements based on critical pedagogy. It provides a comprehensively covered curriculum in all subjects to unleash the maximum potential of the teacher.

School Consultation

Being a multi-faceted organisation in the educational scenario for a period of two decades, IAME has been in the vanguard of providing legal, institutional and managerial consultations to the member schools to ensure their smooth functioning.

Professional Development

To facilitate an appropriate environment to deliver quality education, teachers are required to ensure timely professional training. IAME has been conducting workshops to hone the professional competence of teachers.

**Imagination
is more
important
than
knowledge**

IAME believes that co-curricular activities should be integrated into the academic curriculum to help students acquire talents beyond their subject knowledge. Co-curricular activities also aid in the improvement of teaching methods in the classroom. They would fuel children's learning by stimulating creative thought, improving their social and organizational skills, developing their interests and talents, and offering them ample opportunities to hone their implicit potentials.

Artorium is an iconic annual art festival organized by IAME with a view to nurturing and nourishing the inherent talents and abilities of students across the campuses in the state.

Stemsorica is a cutting edge science fair project aimed at providing children a unique way to develop scientific temper and an inquiring mind and to satisfy their own curiosity about the world they live in.

SPORTS & GAMES MEET

It goes without saying that playing sports teaches lessons of life, such as teamwork, accountability, self-confidence, responsibility, and self-discipline. Sports and games in school help prepare students to face the challenges of life. They enhance physical and mental abilities of students and help them achieve the goals of their life. IAME conducts sports and games meet in district and state levels.

Today's Reader Tomorrow's Leader

IAME is passionate about education and learning. The means of education have changed over the years, the end has remained pretty much the same. Empowered minds which can evolve, sustain, empower and fulfil the ever changing needs of society is our motto. Edufy Publication is yet another venture of IAME aimed at providing quality educational content catering to both the learners and the educators. All our publications are conceived, designed and developed by a research-driven panel of academic experts keeping the aforementioned spirit in mind.

Edufy Junior School project is an integrated five years Early Childhood Care and Education (ECCE) programme for the age group of 3 - 8 years. The package is aligned with the regulations of National Education Policy (NEP) 2020 on ECCE.
